PROFESSIONAL LICENSURE DISCLOSURE STATEMENT

This Disclosure is strictly limited to NSU’s determination of whether the **Doctor of Education (Ed.D.) with a concentration in Special Education; Applied Behavior Analysis (ABA)** track (the “Program”), if successfully completed, would be sufficient to meet the educational requirements for licensure or certification in a State, as defined as 34 C.F.R. § 600.2. NSU’s course sequence is verified by the **Association for Behavior Analysis International (ABAI)** for eligibility to sit for the 5th Edition Board Certified Behavior Analyst® examination.

NOTE: This Disclosure does not guarantee that any particular State licensure entity will approve your application for certification or professional licensure. Furthermore, it does not account for changes in State law that may affect your application for licensure at or after the time that this Disclosure has been made. If your career plans include pursuing professional licensure or certification in your chosen field, it is important to contact the State's licensure entity to become educated on the credentialing requirements of the State where you intend to practice.

In accordance with 34 C.F.R. § 668.43, NSU has determined whether the Program satisfies State educational requirements for licensure as follows:

PROGRAM MEETS EDUCATIONAL REQUIREMENTS	PROGRAM DOES NOT MEET EDUCATIONAL REQUIREMENTS
Alabama, Alaska, Arizona, Connecticut, Hawaii, Iowa, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Mississippi, Missouri, Montana, Nebraska, Nevada, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, Wisconsin, Wyoming	

State licensure or certification requirements can vary from state to state, depending on each State's laws and regulations. The State licensure entities are responsible for overseeing the educational and non-educational requirements for licensure or certification for their State.

It's important to note that national certification does not guarantee licensure, and some states require licensure in addition to certification. We encourage all prospective and enrolled students to contact their applicable State licensure entities to familiarize themselves with the specific professional licensure or certification requirements. For information on how to contact State licensure entities, please visit the U.S. Licensure of Behavior Analysts webpage at <https://www.bacb.com/u-s-licensure-of-behavior-analysts/>

If you have trouble obtaining the information you need, or if you have any other questions regarding certification, please contact Dr. Lisa Carbone at fischlerinfo@nova.edu for assistance.

State licensure entities may impose additional requirements based on the applicant's qualifications and current state regulations. At this time, licensure requirements are not applicable (e.g., due to pending legislation, etc.) in **Arkansas, California, Colorado, Delaware, District of Columbia, Florida, Georgia, Idaho, Illinois, Indiana, Maine, Minnesota, New Hampshire, New Jersey, New Mexico, South Carolina, West Virginia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands, Marshall Islands, the Federated States of Micronesia, the Republic of Palau, and U.S. Virgin Islands. Students are encouraged to contact these licensing entities for updates on changes in requirements for practicing ABA or e-mail fischlerinfo@nova.edu for assistance.*
